**EXPO** 2023

# RESOURCE GUIDE

RESOURCES FOR THE BRADD AREA + BEYOND

© 2023 PossAbilities Expo

This guide is a publication of the PossAbilities Expo.

The PossAbilities Expo Resource Guide is updated yearly.  
Please visit [PossAbilitiesExpo.org](https://PossAbilitiesExpo.org) for the most up-to-date guide.

# PossAbilities EXPO

The PossAbilities Expo was created through the passion and vision of a committee dedicated to serving people with disabilities and their families throughout our community.

Our goal in hosting this event is three-fold.

---

## PROVIDE INFORMATION

With the many resources available to families, it is possible that there are some services that families are unaware of. We want to offer an event where families can learn new things about the community and what we have to offer children with special needs. We want to provide a fun atmosphere where children and families can speak face-to-face with various agencies that may be able to meet their needs. We envision an event that is characterized by cooperation, not competition so families see that we are working together to provide the best services possible for their children.

---

## INSPIRE HOPE

We want to inspire hope for families through each phase of life by helping them see that they are not alone, and that not only can they survive challenges facing their families, but that they can thrive.

---

## EMPOWER FAMILIES

By providing information and inspiring hope, we want to empower families to make the best choices for themselves and their children. We want them to be confident in their ability to plan for their future and provide the best care for their children.

P.I.E. – Hence, the piece of  in our logo.

We provide Applied Behavior Analysis (ABA) therapy to children with: Autism and other Pervasive Developmental Disorders, Attention Deficit/Hyperactivity Disorders (ADD/ADHD), Intellectual and Developmental Disabilities, Sensory Integration Disorders, and related behavioral health issues. Our Mission is to create for each child a more independent, effective, and improved quality of life. We are dedicated to helping children discover their unique potential, both socially and functionally.

**Applied Behavior Analysis (ABA) uses the scientific principles of learning and motivation in order to effectively teach children. It focuses on the idea that the consequences of what we do affect what we learn and what we do in the future.**

### Behaviors ABA Therapy Can Help Increase:

- Language
- Imitation Skills
- Gross/Fine Motor Skills
- Visual/Perceptual Skills
- Activities of Daily Living
- Social and Independent Play Skills
- Community Skills
- Reading and Writing

### Behaviors ABA Therapy Can Help Decrease:

- Hitting
- Biting
- Eloping
- Non-compliance
- Any repetitive/stereotypic behaviors
- And many more maladaptive behaviors

We have been and are guided by the principle that

**“The individual’s needs and best interests come first.”**

Our Mission is to love and encourage families. We do this primarily by providing free weekend retreats and community outreach events for families who have children with physical or developmental disabilities. We simply want special needs families to have the opportunity to relax, refresh, and rejuvenate with a weekend retreat at a facility with their needs in mind. Our retreats run from Friday evening through Sunday afternoon and consist of four volunteer host families serving three guest families. There is a nice mixture of scheduled group activities and family free time. Mainly, the weekends are a time for families to relax, play, and get to know others who are dealing with similar situations.

## Barren River Area Development District

177 Graham Avenue

Bowling Green, Kentucky 42101

We provide upper and lower limb prosthetic by designing the appropriate prosthesis for the individual patient in a collaborative effort between the patient, prosthetist, physician, and often physical therapist. We provide orthotic solutions with the objective of orthotic treatments which include providing support and stability; preventing and/or correcting deformities; providing joint alignment; and improving function and/or gait. We also provide spinal, cranial and diabetic foot care. Our goal is to create awareness for our patients, becoming an integral part of the communities we serve. Our values are to inspire and to improve peoples' lives through competent and compassionate patient care.

# BOWLING GREEN ORTHOTICS + PROSTHETICS

A Bionic P & O Group Company

### Brad Watson, BOCPO Certified Prosthetist & Orthotist

Brad is certified in Prosthetics and Orthotics from both BOC and ABC, and is licensed in Kentucky and Tennessee and has been serving in those communities for over 30 years. Brad is a second generation practitioner, whose father introduced him to the profession early on in his teenage years. He is currently Past Board Chair of BOC and has been serving on the board for 11 years and filled various roles. He is also on the KY State Licensure Board as Vice Chair.

### Kasey Turner, COF Certified Orthotic Fitter

Kasey is a Licensed, Certified Orthotic Fitter. She attended Southcentral Kentucky Community & Technical College, where she graduated with a Diploma in Surgical Technology. She worked several years, alongside with local Ortho and Neuro physicians in surgery. Kasey then decided to pursue a career in O&P, to provide patient care in a more relaxed setting. She has been certified since 2011.

The Center for Accessible Living (CAL) is an independent living center (ILC) serving the Louisville, Bowling Green and Murray, Kentucky areas. CAL offers five independent living services: information and referral, independent living skills training, peer support, individual and systems advocacy, and transition (including school-to-work transition and transition from nursing homes). It provides these services through grants from the federal Administration on Community Living and the Kentucky Department for Aging and Independent Living. In addition to these services, CAL also provides ramp-building services, employment services, housing coordination, sign-language interpreting, among others. CAL serves all disabilities and all ages. The Center for Accessible Living is an innovative leader in empowering all people to achieve their goal of independent living while involving the entire community.

P.O. Box 910  
Liberty, Kentucky 42539

Ages Served: All Ages

[graceannasings.org](http://graceannasings.org)

Scan to Visit Website

Scan to Email >>>

Grace Anna has a rare form of Dwarfism called Conradi Hunermann Syndrome. It is part of who she is, but it doesn't define her. She loves to sing, dance, play the piano, cook, act, and do things most kids her age like to do. She also helped her momma write a book, Who Do You See When You Look At Me? She is most known for her singing, which she loves to do. Her mother started singing to her when I was a baby. During hospital stays she would lay beside Grace Anna and sing because she couldn't hold her. Singing was the only thing that calmed her down while she was in the hospital. Grace Anna started singing when she was just 15 months old following her mama's lead. One of her favorite songs to sing is Amazing Grace. Singing sort of found Grace Anna, it is a big part of how she expresses her feelings and thoughts.

[gravesgilbert.com](http://gravesgilbert.com)

270-781-5111

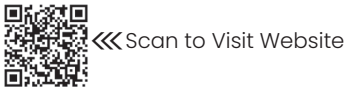

In 1937, G.Y. Graves and J.T. Gilbert forged an unlikely partnership and embarked on a journey the outcome of which no one could have predicted. By 1941, Bowling Green's first multi-specialty group was formed and, by 1969, the clinic housed 15 of the city's 37 total physicians.

Today, Graves Gilbert Clinic houses more than 200 providers, representing 30 medical specialties, who continue to lead the way in medical innovation and technology, and serve South Central Kentucky with the same level of care and dedication that their founding fathers promised over 80 years ago when Dr. Graves and Dr. Gilbert shook hands and made a commitment to the future: A commitment to a Lifetime of Care.

## OUR SERVICES

### Case Management

The Reach for the Stars Case Management team works with individuals who have been diagnosed with intellectual or developmental disabilities in order to assess, coordinate, and connect with them appropriate services to meet their needs and desires. We assist individuals with their application for Kentucky Medicaid Waiver programs that meet their needs.

### MPW Waiver

The Michelle P. Waiver (MPW) is part of Kentucky's 1915(c) HCBS Medicaid waiver program. MPW provides assistance to individuals with intellectual or developmental disabilities to help them live in the community as independently as possible. MPW offers a variety of services to support each participant's goals and preferences. Services include but are not limited to:

Behavioral Supports • Day Training • Environmental and Minor Home Adaptation  
Personal Care • Respite

### SCL Waiver

The Supports for Community Living (SCL) waiver is part of Kentucky's 1915(c) HCBS Medicaid waiver program. SCL provides assistance to individuals with an intellectual or developmental disability to help them live in the community as independently as possible. SCL offers a variety of services to support each participant's goals and preferences. Services include but are not limited to:

Environmental Accessibility Adaptation • Vehicle Adaptation  
Personal Assistance • Positive Behavior Supports • Residential Support Services
