RESOURCE GUIDE

RESOURCES FOR THE BRADD AREA + BEYOND

© 2026 PossAbilities Expo

This resource guide is a publication of the PossAbilities Expo.

The PossAbilities Expo Resource Guide is updated yearly.
Please visit PossAbilitiesExpo.org for the most up-to-date guide.

While we make every effort to provide accurate and current information, programs, services, and contact details may change over time. Please contact organizations directly to confirm the information provided. We hope this guide serves as a valuable starting point as you discover resources, build connections, and find the supports that help every individual thrive.

PROVIDE INFORMATION

With so many resources available, families may not always be aware of all the services that could benefit them. Our goal is to provide information and host an event where families can discover new opportunities within the community and learn about the supports available. We strive to create a fun, welcoming atmosphere where children and families can connect face-to-face with various agencies that may meet their needs. By bringing organizations together in one place, we aim to make it easier for families to access the resources and support they deserve.

INSPIRE HOPE

We strive to inspire hope for families at every stage of life, reminding them that they are not alone. Our goal is to help them recognize that not only can they overcome challenges, but they can also thrive and build a brighter future.

EMPOWER FAMILIES

By providing information and inspiring hope, we aim to empower families to make the best decisions for themselves and their children. We want them to feel confident in their ability to plan for the future and provide the highest level of care and support for their children.

P.I.E. – Hence, the piece of  in our logo.

THANK YOU, SPONSORS!

A heartfelt thank you to all of the incredible organizations who came together to help bring the Adaptive Aquatic Sports Demo Area to life!

Your passion, support, and dedication helped turn an idea into an unforgettable experience that showcased what is possible when our community works together. Because of your partnership, individuals of all abilities had the opportunity to explore adaptive recreation, build confidence, and experience the joy of being included.

We cannot thank you enough for helping us make this vision a reality. Together, we are creating more opportunities, breaking down barriers, and proving that every ability deserves the chance to shine.

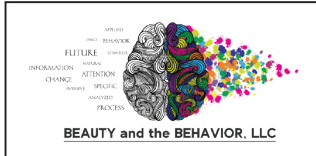

THANK YOU, SPONSORS!

We are deeply grateful to our generous sponsors for making this event possible. Your unwavering support and kindness have had a profound impact on our community, and we cannot thank you enough. Your generosity not only fuels our mission but also brings hope and positive change to those we serve. Thank you for believing in our cause and for standing with us. Your support truly means the world.

Discover Resources. Build Connections. Create PossAbilities.

Finding the right support can feel overwhelming, but you don't have to navigate the journey alone. This Resource Guide was created to connect individuals of all abilities, families, caregivers, educators, and professionals with organizations and services that may offer support, opportunities, and hope. We believe every person deserves access to information that empowers them to make informed decisions and build the network of support that best meets their unique needs.

The organizations and resources included in this guide represent a variety of services available throughout our community and beyond. Because every individual and family is different, inclusion in this guide does not imply an endorsement, recommendation, or guarantee by the PossAbilities Expo or its organizers. We encourage you to explore each organization, ask questions, verify current information, and determine whether its programs, services, and values are the right fit for you, your child, or your family. We hope this guide serves as a valuable starting point as you discover resources, build connections, and find the supports that help every individual thrive.

Our Mission is to love and encourage families. We do this primarily by providing free weekend retreats and community outreach events for families who have children with physical and/or developmental disabilities. We host around 18 family retreats a year, from June through October. Our retreats run from Friday evening through Sunday afternoon and consist of four volunteer host families serving three guest families. There is a nice mixture of scheduled group activities and family free time. Mainly, the weekends are a time for families to relax, play, and get to know others who are dealing with similar situations.

APPLIED BEHAVIOR ANALYSIS (ABA)

Applied Behavior Analysis (ABA) involves many techniques for understanding and changing behavior. ABA therapy uses research based practices and techniques to assess, analyze, and treat any behavioral excess or behavioral deficit. ABA is utilized with all ages and levels of development. It's the science of teaching and learning and its principles are used to help children, as well as adults, with any skills they may be lacking in order to help them be better integrated into their environments.

ABA IS A FLEXIBLE TREATMENT

- Treatment plans are adapted to meet the needs of each unique person
- Services are provided in many different locations: at home, at school, and in the community
- ABA teaches skills that are useful in everyday life, this can involve one-to-one teaching or group instruction

WHO DOES ABA BENEFIT?

Participants that benefit from ABA therapy include, but are not limited to:

- Skill Deficits
- Behavioral Challenges
- Diagnosed Intellectual Disabilities
- Behavior Disorders
- Autism Diagnosis

As a non-profit organization, Life Plan of Kentucky, Inc. can serve as Trustee for both First Party and Third Party Special Needs Trust accounts. Our goal is to enrich the lives of our clients and their loved ones. We do this by offering great care and attention to detail as we try to enhance the quality of life of our clients. We also ease the financial responsibilities and burdens of money management for beneficiaries and their families.

If you have a loved one with disabilities or special needs, and want to provide for that person's future, in a way that protects eligibility for disability-related income or services, please contact us for help.

Let Life Plan of Kentucky be your Trustee for a Special Needs Trust.

We are a local nonprofit organization that has come together for one purpose – to provide practical financial assistance to families in South Central Kentucky that have a child, or a parent, battling a critical illness. Our goal is to help reduce the financial stress that accompanies a critical diagnosis assisting with everyday expenses such as mortgage, rent, food, utilities, travel, day care, etc. allowing them to focus on what is most important – the treatment and recovery of their loved one.

We accept referrals from social workers, pastors, medical professionals, school counselors, families, and friends. Anyone can take that first step and ask us for assistance. We know that when someone is going through any kind of struggle, going through it with someone else makes it a little more bearable. To make a referral visit our website.

Pack Law Firm offers trusted, local representation with a personal touch.

Our experienced team specializes in personal injury, estate planning, special needs trusts, real estate, corporate and nonprofit advising, business mergers, adoptions, and civil litigation.

If you have a loved one with a disability, we can help protect their eligibility for important government benefits such as Medicaid and SSI while safeguarding their financial assets. Because these programs have strict income and asset limits, receiving a cash gift or inheritance could cause your loved one to lose benefits. Proper planning can help preserve both their financial security and continued access to essential benefits.

At Pack Law Firm, we help families determine whether a special needs trust is the right solution to protect their loved one's benefits and financial future. Our services include First-Party and Third-Party Special Needs Trusts, STABLE Account planning, and trustee guidance to ensure proper administration and compliance.

The program is available to individuals of any age, provided their disability was diagnosed before age 46. STABLE accounts allow participants, family members, and friends to contribute funds that can be used for qualified disability-related expenses such as housing, education, transportation, healthcare, and assistive technology. By allowing individuals to save while maintaining access to benefits, the program helps promote greater financial independence and long-term stability for people with disabilities in Kentucky.

For over 40 years, Aqualand has helped families in Bowling Green and the surrounding area enjoy their backyards. As a family-owned business, we focus on quality products, local service, and helping customers find the right fit for their home.

Today, that same commitment continues with a second generation helping lead the way and keeping the focus on what matters most: real support before and after the sale.

From pools and hot tubs to saunas, water care, and service, Aqualand is built around making backyard ownership easier. We do not just sell products. We help customers compare options, understand what works best, and get the support they need along the way.

One thing that still sets Aqualand apart is simple: we service what we sell. That means our relationship with the customer does not end at checkout. We are here to help with service, support, and ongoing care season after season.

At Aqualand, we believe owning a pool should be easy, and we work every day to make that true for the families who trust us.

This resource guide is a publication of the PossAbilities Expo.

The PossAbilities Expo Resource Guide is updated yearly.
Please visit PossAbilitiesExpo.org for the most up-to-date guide.

While we make every effort to provide accurate and current information, programs, services, and contact details may change over time. Please contact organizations directly to confirm the information provided. We hope this guide serves as a valuable starting point as you discover resources, build connections, and find the supports that help every individual thrive.
